

Privacy Policy

Update time: April 20, 2022

This software respects and protects the personal privacy of all users who use this software and services. In order to provide you with more accurate and personalized services, this software will use and disclose your personal information in accordance with the provisions of this privacy policy. This software will treat this information with a high degree of diligence and prudence. Except as otherwise provided in this privacy policy, this software will not disclose or provide this information to third parties without your prior permission.

When you agree to this privacy policy, you are deemed to have agreed to the entire content of this privacy policy.

1. Information collection

a) When you use this product, in order to ensure the normal operation of software and services, we will collect your hardware model, operating system version number, network device hardware address (MAC), IP address, software version number, network access method And type, operation log and other information. Please understand that this information is the basic information we must collect to provide services and ensure the normal operation of our products.

b) The permissions that will be used during the use of this software:

Authority name	Permission function description	Purpose or scenario of permission use
Privacy-Microphone Instructions	Request access to the device's microphone for voice recording	Used for real-time recording to text
Privacy-Voice Recognition Instructions	Request audio recognition for conversion to text	For audio files or real-time recording to text

Privacy - Media Library Permissions	Request access to media library to save files	For saving video files

2. Use of information

a) The software will not provide, sell, rent, share or trade your personal information to any unrelated third party, unless you have obtained your permission in advance, or the third party and the software provide services to you individually or jointly, and After the end of the service, it will be prohibited from accessing all these materials that it was able to access before.

b) This software also does not allow any third party to collect, edit, sell or disseminate your personal information by any means. If any user engages in the above activities, once discovered, Audio Clip has the right to immediately terminate the service agreement with the user.

3. Information storage

a) Location of information storage: In accordance with laws and regulations, we store your personal information collected and generated during domestic operations in a legally compliant location.

b) Storage period: We only retain your personal information for the period necessary to provide the software operation and services. After the necessary period, we will delete or anonymize your personal information, but laws and regulations have otherwise Except as required.

4. Information disclosure

Under the following circumstances, the software will disclose your personal information in whole or in part according to your personal wishes or legal requirements:

- a) Disclosure to a third party with your prior consent;
- b) In order to provide the products and services you request, you must share your personal information with third parties;
- c) Disclosure to third parties or administrative or judicial institutions in accordance with relevant provisions of the law or the requirements of administrative or judicial institutions;
- d) If you violate relevant Chinese laws, regulations or service agreements or related rules, you need to disclose to a third party;

5. Your rights

a) We attach great importance to the management of your personal information, and do our best to protect your right to access, modify, and withdraw your authorization and consent to your personal information, so that you have sufficient ability to protect your privacy and safety.

You can withdraw your consent by turning off the function, changing the application permissions in the device settings, etc., changing the scope of your authorization to continue to collect personal information or withdrawing your authorization.

b) You can view the entire content of this privacy policy in "My-About Us-Privacy Policy" in the software.

6. Information Security

We adopt industry-leading technological protection measures. The technical means we use include but are not limited to firewalls, encryption (such as SSL), de-identification or anonymization, access control measures, etc.

7. Use of Cookies

Cookies and similar technologies are common and commonly used technologies on the Internet. When you use this software and related services, we may use related technologies to send one or more cookies or anonymous identifiers to your device to collect and store information about your visit and use of this product. We may set cookies or anonymous identifiers for authentication and security to ensure the safe and efficient operation of products and services, help us improve service efficiency, and increase login and response speed. Using this type of technology can also help you avoid repeating the steps and processes of selecting settings (for example: recording the status of options in the settings), and help you get a more relaxed access experience.

8. Update of privacy policy

In order to provide you with better services, this software and related services will be updated and changed from time to time. We will revise this privacy policy in due course and remind you of the updated content in an appropriate manner before the updated terms take effect.

9. Contact us
